THE MARINE CONSERVATION ZONES OF DORSET

A Talk by Dorset Wildlife Trust about the Marine Protected Zones

2.30pm Friday 12th Jan at The Mowlem, Swanage

Doors open at 2pm members free non members £2

The talk will include an introduction to all Marine Protected Areas (MPAs) in Dorset (focusing on those in East Dorset), their background, features, legislative protection, management and benefits. Also the differences, reasons and importance of these in relation to marine wildlife and local economy.

It is hoped that local people will feel enthused to visit, further appreciate and contribute to the forthcoming consultation on the third and final tranche of Marine Conservation Zones due in 2018/19.
